Testimonials.

We, the undersigned Physicians, practising in the city of San Francisco, have examined the result of the analysis made by Dr L. Lansweert, Practical Chemist, of the Napa Soda Springs of Napa. The water, according to this examination, possesses aperient antacid and fine properties, which cannot fail to be very beneficial in the treatment of chronic diseases, and affording a pleasant, healthful and invigorating beverage.

VICE PRESIDENTS—Hon. Wm P. Howland, C. B., Lieutenant-Governor of Ontario;
Hon. Wm. McMaster, President Canadian Bank of Commerce;
Issued—Over 500 Policies first half-year.

This Association issues all the most approved forms of Policies—all non-forfeiting by charter. Its principle of non-forfeiture more favorable to assured than that of any other company.

A strong company which combines strength of capital, character and local influence and provides life insurance at the lowest safe rates without delusive promises of dividends, making a good dividend CERTAIN by decreasing the premium.

By its organization it enables each policyholder to deal with his own neighbors, stockholders in the company—men whom he knows will do justice to his family after he is dead, and also provides that its funds will be invested to develop the resources of his own country and locality.

A company with capital and breadth enough to be safe beyond question, with national extent and prestige, and yet a HOME company throughout the Dominion.

WILLIAM McCABE,
General Manager, Toronto.

Daily British Colonist.

FRIDAY MORNING, MAY 30TH, 1873.

L. P. FISHER, 20 and 21 New Merchants' Exchange, is our authorized Agent in San Francisco.

Our Federal Rights.

The local organ of the political fraud who misrepresents this community at Ottawa is endeavoring to convince its few readers that this journal has proved recreant to what, in the absence of a better term, we may call the Federal rights of British Columbia. In order to accomplish that object it has not hesitated to put language in our mouth we never used, and to place the most violent misconstruction upon language we did use. Two points are at issue: Shall Federal appointments in British Columbia be given to British Columbians? and shall British Columbia be represented in the Federal Cabinet? In the words of our New Westminster contemporary of the 'Herald,' "with certain reservations, we answer Yes to both questions." We contend, and have done so all along, that Federal appointments in this Province should, so far as it can be done with due regard to the general interests of the service, be given to British Columbians; and we have yet to learn that the Federal Government have shown any disposition to deviate from that principle, which they, themselves, announced at the first. When they do, it will be time enough to protest and petition. So that, when our local contemporary attempts to represent this journal as combatting "the principle of the bestowment of Dominion offices in British Columbia upon British Columbians, rather than upon strangers," it is guilty of a mean and dishonest act. As regards the second point, we hope that at no distant day the Pacific Province shall be represented in the Federal Cabinet, not, however, by one who shall owe his elevation to contemptible trickery, but to the possession of good common sense, a reasonable amount of modesty, and the confidence and support of his colleagues from the Province. Looking at recent events, it seems hardly necessary to say whom such an one is not. Our local contemporary objects to the use of the word "hypocritical," as applied to its modern cry of "British Columbia for British Columbians." We were led to make use of that disagreeable word from the circumstance of that paper having, some two months ago, announced, unaccompanied by the slightest intimation of disapprobation, the very appointment about which it is now making such a hubbub; and because of our knowledge of certain little tricks its master has been playing at the Federal Capital, about which the public shall know more by and by. The connection of Mr. DeCosmos with the "petition dodge" is denied. We can only say, in reply to this, that facts shall shortly be placed before the public which will prove all, and something more than all, that has been alleged in that direction, and which will cause our contemporary to regret having ventured the denial. We make room for extracts from leading articles in the Mainland papers, in order to show how completely alone our local contemporary stands in its silly and unprovoked crusade against the Dominion Government because they declined to estimate its master at his own valuation, and refused to become the dupes of his low cunning. It is no agreeable task to expose the eccentricities and weaknesses of one of our own representatives at Ottawa; but the indiscretions of our contemporary and a sense of what is due to the country and to justice seem to leave no choice.

What does the The Mainland say?

Mainland Guardian, May 28th.

The editor and part proprietor of the "Standard," one of our representatives at Ottawa, and head of our present local Government, makes use of the columns of his own paper to urge his claims to a seat in the Dominion Cabinet. To say nothing of the indelicacy of such a course of proceeding, it is in our opinion, an imposition on the public, whose opinion is supposed to be represented in the public journals. We know that the venders of nostrums and patent potatoe peelers make use of the newspapers to recommend their wares to the public, but we rarely see an editor turn his leader column into a letter of recommendation for himself, in order to secure a berth. Mr. DeCosmos has not only been doing so, but also, touting his own abilities in Ottawa, and the article in question is doubtless an attempt to make the people in the eastern Provinces believe that we in British Columbia, endorse the statements of Mr. DeCosmos at Ottawa. This is a little too bad, and must be refuted by an expression of condemnation on the part of the other journals of British Columbia; first that the people throughout the Dominion may be set right in relation to the matter; and, second, that such a very extraordinary use of the leading columns of a newspaper, may be protested against. Mr. DeCosmos has received many marks of favor at the hands of the people of British Columbia. How far he is deserving of them, it is not our object at this moment to enquire. We only allude to the matter in order to ask if it is fair that, having done so much for him, he should take advantage of their good nature to misrepresent them? That he is doing so none can deny, because, in trying to make the people of this Province appear to have any desire that Mr. DeCosmos should enter the Dominion Parliament, is unquestionable misrepresentation. The people of this Province never expressed such a wish, nor have they the remotest desire that such should be the case.... We can perfectly understand the desperate position of Mr. DeCosmos. He knew very well the calibre of his colleagues, and when he went to Ottawa he felt that the present Ministry could not exist beyond the present session. He was aware that with the quantity of rope allowed them they will hang themselves, and his name being associated with them, he must be in some way involved in their disgrace; so that being ignominiously kicked out, as they will be next meeting, he despaired of retrieving anything like his old status in the political world of this Province. That he will fail at Ottawa we have no doubt; he has shown his cards and his little game is perfectly understood. He has in his vain efforts to clutch the shadow at Ottawa, lost the substance of his power here, and his case is therefore desperate indeed. To judge of the frantic character of his struggle for a place at the Dominion capital, it is only necessary to state that the whole of his fellow representatives from this Province were compelled, for the sake of their own character, to disown his statements through the columns of an Ottawa paper, and that he had secured the control of a small grit journal there to sing his praises. We have often had to regret the fall of a politician from a high position, in the estimation of his countrymen, by the adoption of some stupid measure, or by supporting views obnoxious to the public generally. Such a fall is sad, but, it arises from a too persistent desire to follow out the conscientious dictates of one's feelings. Far different will be the fate of Mr. DeCosmos. He has in his miserable eagerness to turn his position to account for personal profit, shown but too plainly his contempt for the very people who placed him where he is, and the sure result of such a gross insult and such glaring ingratitude, must be his political death in this Province. His colleagues in the present Government, had they not deserved the like fate from their own incapacity, must have had to succumb to a similar destiny from their association with Mr. DeCosmos.

[New Westminster Herald.]

Has British Columbia a right to expect that the Federal officers whose sphere of duty lies within the Province, shall be chosen from among her own people? and has she a right to expect that one of her representatives shall be asked to take a seat in the Federal Cabinet? With certain reservations, we answer Yes to both questions.....We do not mean to say, of course, that a local man should be appointed to each and every Provincial-Dominion or Dominion-Provincial (one phrase is as good and as bad as the other) position, where there is just ground for believing that the interests of the country would suffer by such appointment, nor yet that the general rule should preclude the appointment of a man known to be preeminently qualified for the position; nor, referring to the second part of our subject, do we mean that room should have been made at once in the Dominion Cabinet for a representative of British Columbia.

STITCH! STITCH! STITCH!—But no longer with fingers weary and worn. For the justly celebrated "Lockman Sewing Machine" can be had of the undersigned. This machine has more points of excellence than any other yet invented. In simplicity of construction, perfection of workmanship, ease of working, durability cheapness and many other valuable qualities, it stands unequalled. Sold at Canadian prices, by BROWN & WHITE, new Dry Goods Store, Fort Street, Sole agents for Vancouver Island. *

WE wonder what induces David Green the Clothier, of Government street, to advertise, as everyone is aware that he keeps the best fashionable made clothing store north of San Francisco. * *

DEATHS.

At Nanaimo, V.I., on the 27th inst., Klein Grant, Esq, M.D., aged 68 years.

The Rival Railway Schemes

The North Pacific Railway Company was formed in 1864. The charter required that 20,000 shares (representing ($2,000,000) at $100 per share should be taken up, and that ten per cent. ($200,000) thereof should be paid up before the Directory and Officers could be elected. Mark that the company receives neither Government subsidy, pledge nor guarantee. All it gets is a grant of fifty million acres of land, and on this grant its bonds were issued and the work is now going on. The Canadian Pacific Company, on the other hand, was required to subscribe for $10,000,000 of the stock and to pay up $1,000,000 thereon, before Sir Hugh Allan was entrusted with the schome. It receives 50,000,000 acres of land, a cash subsidy of $30,000,000 (part of which is guaranteed by the Imperial Government), and the good faith of the Canadian Government is pledged that the road shall be built in eight years. This pledge we regard as of much importance as the cash subsidy. To assert on idle rumor at this early stage (when not a bond has been offered for sale and only a part of the loan raised) that Sir Hugh Allan has failed, argues either a total ignorance of the manner in which such schemes are placed in the London money market, or exhibits an amount of malevolence towards the Canadian Government and the Pacific Railway that anyone calling himself a British Columbians ought to be ashamed of.

An Utter and Complete Failure.

The attempt to obtain signatures at New Westminster to the petition calling on the Canadian Government to appoint only British Columbians to office within this Province, was an utter and complete failure. So far not a single signature has been obtained and, in all probability, none will be. The author (Mr. DeCosmos) and his motley crew are denounced everywhere on the Mainland as Grits, and it is said that members of the Local Ministry were instrumental in circulating the document—they being interested in securing their own seats by shunting DeCosmos off into the Federal office of Collector of Internal Revenue.

FROM THE EAST COAST.—The steamer Sir James Douglas arrived from Nanaimo and way ports at 4 o'clock yesterday afternoon bringing 4 calves and a large quantity of butter, eggs, etc, and the following passengers: Julius Franklin, C. Prevost, E. Woods, H. Marriner, Mrs. Hickling and a Sister of Charity. The ship Robert Chestin is loading at Newcastle and the Emma and Black Diamond arrived on Wednesday night. The Cowichan Indians are fencing in their reserve. The trail from Quamichan to Alberni is open. The Queen's Birthday celebration was conducted on a grand scale and passed off well. Dr. Klein Grant died at Nanaimo on Tuesday, aged 68. A squaw dropped dead at Nanaimo on Monday. The Nanaimo Brass Band were out on the 24th and played well. The Methodist Sunday-school picnic will take place on Dominion Day.

ATTEMPT AT INCENDIARISM.—Yesterday morning Mrs. John Quaggliotti, whilst engaged in sweeping out her parlour, discovered that fire had been set to the wall-paper and lining of the room, and that about a foot square of the paper and lining was burned and the back of a sofa slightly charred. The house is situated in the rear of John Quaggliotti's store at the corner of Oriental Alley and Johnson street, and it is supposed that some miscreant pushed a lighted match through a crevice of the weather-boarding with the object of burning the premises down. Mr. and Mrs. Q. and five children sleep in the house, which is divided from the store by a fire-proof wall. The neighborhood is very inflammable and a fire once started there would result in great loss.

CONSECRATION.—The Consecration of Rev. Father Seghers as R. C. Bishop of Vancouver Island, will take place in this city on the 29th proximo. Archbishop Blanchet of Oregon City will officiate, assisted by Bishop Blanchet of Fort Vancouver, Bishop D'Hebomez of New Westminster, Bishop Lootens, and the Catholic Clergy.

FIRE DEPARTMANT PICNIC.—Tenders will be received by Mr. Wriglesworth until noon on Friday, 6th June, for the exclusive privileges of the sale of refreshments, wines, liquors, &c., at the Fire Department picnic on the 1st July next.

THE SABBATH.—Petitions calling on the Legislature and City Council to pass measures for the better observance of the Sabbath were in circulation yesterday and were very well signed. We know of no country that requires a law of the kind more than this.

FILLING UP.—We hear that the entrance to the harbor is being filled up by ooze from the Punts as they are towed outside by the Grappler. The depth of water at the mouth is said to have decreased nine inches already. The punts are reported to leak terribly.

A DESERTED HARBOR.—Williams & Arthur's water-boat was the only craft in Esquimalt harbor yesterday morning—the senior ship.

H.M.S. TENEDOS sailed for Cape Beale at 7½ o'clock this morning.

Washington Territory.

Dr. Smith has been appointed postmaster at Tulalip.

Mrs. Amelia Rhinehart is opening a splendid hotel at Steilacoom, which, it is thought, will become a favorite summer resort to pleasure-seekers.

Several new arrivals from Minnesota are at Olympia.

On Sunday last a man named Maddox (Mad-ox) shot and stabbed another man named Brown at Port Ludlow. Brown is not expected to recover. Maddox has surrendered himself to the authorities.

The Mayor of Olympia has been instructed by the Town Board to ask Congress for the mud flats in front of the city. The same body has decided that the municipal tax this year shall be at the rate of five mills on the dollar.

On Tuesday morning Olympia was visited by a severe hailstorm.

The *Courier* of the 27th says: Professor Fowler left on the stage this morning for Portland. He had his hands full of business until a late hour last night.

The Seattle *Dispatch* of yesterday says: A man just through from Kittetass valley via Snoqualime pass, reports from ten to twelve feet of snow on the summit, and much fallen timber in the road. He was obliged to leave his horse at the lake, the snow being too deep and soft for him to travel.

The same paper says: Passengers who left Victoria by the North Pacific, on Tuesday noon, arrived in Portland on Wednesday evening. Under the old arrangement it took full three days to make the passage over the same route.

From the same: The influx of immigration to this Northwestern Coast at the present time is very large, principally from the old Northwestern States, where they were frozen out last winter.

Upper Canada Bible Society.

The anniversary meeting of the Upper Canada Bible Society was held at the Metropoliton Wesleyan Methodist Church, Toronto, on the evening of the 7th inst. That spacious edifice was crowded to its utmost capacity. Hon. G. W. Allan, President of the Society, was in the Chair, and around him were a circle of prominent men, both clerical and lay, representing the various Protestant denominations. The President gave a brief sketch of the Society's operations. During the year seventeen branches had been established, making, in all, 428 branches. Among them he had special pleasure in including a society or branch at Victoria, Vancouver Island, and another at New Westminster. It was proposed to employ a Colporteur in British Columbia, with a view to which a correspondence had already commenced. The report of the Depositary presents the distribution of Bibles and Testaments for the year 1872-3 at 40,823. The income of the Society during the year ending 31st of March last was $30,646,93. The appropriations made for the current year are as follows:—

To the parent Society for general objects	$8,596 16
" " " special "	139 03

MANHOOD SUFFRAGE.—A great manhood suffrage demonstration took place on Newcastle Town Moor, England, on the 13th, miners flocking from all parts of Northumberland and Durham, with bands and banners, some of the latter costing as high as seventy pounds sterling. The procession was several miles in length. The following resolution was passed and sent to Mr. Gladstone: "Resolved, that in the opinion of this meeting the distinction at present existing between the qualifications for parliamentary electors in boroughs and counties is irritating, perplexing and unjust, and that the only true and satisfactory settlement on which the right of suffrage can be based is manhood."

H.M.S. ZEALOUS.—During the two commissions of H.M.S. Zealous she voyaged over 52,000 miles, and was 490 days at sea. She left Plymouth in December 1866, and was flag-ship in the Pacific Ocean until relieved by the Repulse. The Zealous is the largest ship that ever passed through the Straits of Magellan, and in threading a way too intricate she grounded on a previously unknown rock, causing a serious leak. Her officers intend publishing a narrative of her cruise in a volume, their joint production.

ABOMINABLE.—An Ontario paper says that Canon Ramsay has been convicted of stealing money from communion plates." This is the sacerdotal sinner upon whose evidence the *Globe* was going to convict Mr Dodge of forgery.

THE Rev. Mr Russ, delegate from this Province, addressed the anniversary Missionary meeting, held on the 15th inst., in Richmond street Wesleyan Church, Toronto.

CARIBOO BRANCH.—Mr Morris (manager,) and Mr Corthorn (Accountant) of the Cariboo branch of the Bank of British North America, will start to-day for Barkerville.

THE steamer North Pacific arrived at 2 o'clock yesterday afternoon from ports on Puget Sound, bringing 50 passengers, a freight of live stock and the Southern and Eastern Mails.

THE prisoners accused of murder on San Juan Island will be examined to-day. The Governor-General alone has power to extradite them.

THE French bark Maria Carlotta, 396 tons, from San Francisco for Burrard Inlet, arrived in Royal Roads yesterday morning.

HO! YE ROLLERS.—To-morrow evening will be the last at the Skating Rink, which will then close for the season. Let all go for a long, last, lingering *roll*.

GEORGE FRANCIS has bought one of the elegant carriages brought across by the Mayor and has it now on hire.

A HAMILTON dispatch of the 16th announces the return of Mr W. E. Sanford from British Columbia.

THE ship Arkwright has arrived at San Francisco from Nanaimo.

THE steamer Enterprise will sail at 10 this morning for New Westminster.

FELL'S COFFEE, superior to any other manufactured on the Coast, may be obtained of all respectable dealers throughout the Colony. ***

By Electric Telegraph.

THE "COLONIST'S" SPECIAL DISPATCHES.

LAST NIGHT'S DISPATCHES.

Eastern States.

NEW YORK, May 28—The efforts to negotiate in Europe the $6,070,000 in bonds for the San Joaquin branch of the Central Pacific Railroad has failed; nor has any considerable amount been obtained on the California and Oregon road. The demand for American R.R. and other securities has ceased.

Orders for postal cards received at the Postoffice Department aggregate twenty-four millions. About eight millions have thus far been sent to the Postmaster.

A fillibustering party, 5,000 strong, are reported to be moving on Mexico. They are under ex-Confederate Longstreet and claim to have the sanction and support of the U.S. Government.

WASHINGTON, May 29—It is stated positively that the Government will sustain Col. McKenzie in pursuit and punishment of the Kickapoos on Mexican territory.

NEW YORK, May 29—The horse disease has reappeared.

"Startle" was driven to a road wagon on Fleetwood Course yesterday and made the first quarter in 34½ seconds; the second quarter in 33½ seconds, making the half mile in 67¾ seconds — the fastest half-mile ever trotted to a road wagon by any horse except "Dexter."

California.

SAN FRANCISCO, May 26—Arrived—Arkwright, Nanaimo; ship Harrison, Port Townsend.

Europe.

LONDON, May 29—There were numerous accidents at the Derby race yesterday, caused by run-away horses, falling off the stands and the pressure of the crowd. Several persons were killed and many seriously injured.

MADRID, May 28—The *Gazetta* publishes a decree which prohibits the granting to persons, or using in official documents, any titles of nobility.

The Carlist chief Dorregary is marching on Lagona with a large force, and the National troops are concentrating to attack him before he reaches the city.

Canada.

QUEBEC, May 27 — The recent heavy rains have swollen the river and caused an immense destruction of property. The Fosford Railroad bridge has been swept away: also the Government dam, and a number of sawmills.

TORONTO, May 28—The body of W. H. Jaques, a well-known forwarder of this city, was found in the bay this morning. He disappeared on Monday night, and as his watch and other valuables are missing; foul play is suspected.

HALIFAX, May 28—It is impossible to state the precise condition of the Drummond Colliery, or to estimate the damages sustained underground. The fire is believed to be under control now and will be subdued before long. Ninety thousand dollars have been subscribed in Halifax, Pictou and New Glasgow for the relief of the widows and orphans at Weshville.

Dominion Parliament.

SENATE, May 13.

MEETING OF PARLIAMENT.

Hon. Mr. Christie gave notice that on Thursday next he would move that it is expedient that Parliament should be summoned for the despatch of business not later than the 1st of February in each year.

COMMONS.

INCREASED SUBSIDIES.

The Hon. Mr. Tilley's resolution to go into Committee on the resolution altering the basis of Provincial subsidies, was carried after considerable discussion.

PRIVILEGE.

A good deal of time was occupied with a correspondence produced by Hon. Mr. Langevin, arising out of remarks made by Mr. Tremblay, and some sharp cross-firing took place.

BEET ROOT SUGAR.

The resolution to encourage the manufacture of beet sugar in the Dominion, by exempting it from excise for a period of ten years, was passed and the House went into Committee thereon. The resolution was reported from Committee without amendments.

BRITISH COLUMBIA.

On motion of Sir John A. Macdonald the Bill respecting Aliens and Naturalization in the Provinces of British Columbia and Manitoba was read a second time and passed through Committee of the Whole, read a third time, and passed.

On motion of Hon. Dr. Tupper, the Bill to repeal chapter 86 of the Laws of British Columbia of 1867, intituled an ordinance respecting harbours and tonnage dues, and to regulate the licences for the vessels engaged in the coasting and inland navigation trade, was read a second and third time and passed.

May 14th.

N. B. SCHOOL QUESTION.

On the motion to go into Committee of Supply, Mr. Costigan moved, in amendment, his resolution against the New Brunswick School Bill. He started out by saying that his motion was not intended as an expression of want of confidence, or in any way to interfere with or embarrass the proceedings of the Government.

A discussion arose which extended nearly over the whole sitting, and the amendment was carried by 98 to 63.

May 15th.

THE RAILWAY SCANDAL.

Upon the Speaker taking the Chair, Mr. Huntington rose to make a statement to the House, to the effect that there were in the hands of a trustee important documents bearing upon and supporting the charges he had made. He proceeded to read copies of the documents, but was prevented. He proceeded to say that these letters would have established that Sir Hugh Allan had represented to his associates in the organization of this road last summer that he had made a bargain with the Government for a certain monetary consideration; and after hanging off for a long time he had at last come down to sign an agreement; that he had paid at one time $100,000, at another $200,000, with more to come, amounting in all told to $360,000, for which he wanted to be reimbursed. There might not be a word of truth in it, but he believed he could supplement that statement. Those letters also stated the way in which Sir Hugh Allan had manipulated the French of Lower Canada, and the skill with which he had dealt with the priests and the press. All these things he would have had read had he been so permitted. He moved that the Enquiry Committee meet to-day (Friday), at eleven o'clock and summons the trustee in whose possession the documents were.

The motion was immediately carried.

TEMPORARY ELECTION LAW.

Sir John A. Macdonald moved for leave to introduce a Bill to provide for a temporary election law. He stated that he did not intend to go on with the election bill this session, but proposed that it should be printed and distributed with the Ballot clause during the recess. A doubt had been raised as to whether, having had an interim Elections Act, and that having expired, we can fall back on the British North America Act. His own opinion was that the provision made by the Parliament of Canada, being only for a temporary period, the operation of the British North America Act came into force again.

The motion was then carried.

SUPPLY.

The item of $350,000 for Pacific Railway surveys in 1873 was passed without much discussion; but the item of $500,000 for continuing the surveys and locating the line in 1874 gave rise to a lengthy debate.

Hon Mr. Langevin stated that the $500,000 was to forward the surveys from the 1st of July, 1873, to the 1st of January, 1874; and not only the surveys, but to locate the line from Red River to Lake Nipissing, and as well to proceed with the Branch Line from Fort Garry to American territory. If this money was not given, the surveys would have to stop in July.

Hon. Mr. Tilley referred to the articles in the *Globe* in favour of a Pacific Railway and the way in which the articles had been received by British Columbia, as an expression of opinion of the public of Canada. He charged the hon. member for Lambton and gentlemen opposite with obstructing this great work from the very outset.

The opposition contended that it was not right that Parliament should be asked to vote this money. It looked as if the Government had no faith in the success of Sir Hugh Allan's negotiations, Mr. Mackenzie asserting that it was very well known those negotiations had failed.

Sir John said it was not known to the Government. Their information went to show that the company was making great progress. In any case these surveys must go on, and the expenditures would be paid back by the Company. Money could not be got from England in time for that. They should not be obliged to break up the engineering staff which was so widely scattered, and whoever had the charter would have to repay the money expended for such survey. Supposing the building of the road was postponed for two years, the pledge of the Government was to build the road, whether by the intervention of the Government themselves, through the Public Works Department, or by a new company, and these surveys must in any case be continued. The Minister of Public Works had read a statement of the survey, which had been considered satisfactory by the House. It was quite clear that if Sir Hugh Allan did not succeed the Dominion had to pay the money for surveys. (Applause.)

The item was passed.

May 16th.

PACIFIC RAILWAY COMMITTEE.

Mr. Cameron (Cardwell) moved that the Select Committee appointed to enquire into the Pacific Railway negotiations have leave to sit, although the House be not sitting at the time the said Committee meets.

A long discussion arose, in the course of which

Mr. Thompson, of Cariboo, asked if hon. gentlemen opposite thought the members from the distant provinces, who were anxious to get to their homes now, would return here on the 2d of July to listen to the ridiculous assertions which would be brought before the House by hon. gentlemen opposite. They were now making a sham repetition of the sham motion which they had previously brought before the House. By means of these ridiculous motions they were endeavoring to impede the legislation of the country. (cheers.) They thought that in July, when the members from the distant provinces would be absent, they would be able to bring forward a partizan majority and attempt to carry their motion (hear, hear); but they were resting upon a broken reed. They knew that they had no foundation for the statements they had made, but they wished to be able to say to the country that they had done all they could to drive out a corrupt Ministry and their servile majority of convicted felons from their seats (cheers and laughter). But it would not be permitted to them, and they would find that their accusations, like the baseless fabric of a vision, would dissolve. (Hear, hear and laughter.)

Mr. Holton would like to know if the hon. gentleman, who had just sat down, expressed the opinions of that side of the House?

Sir John Macdonald said he had not heard all the remarks of the hon. gentleman, but he would say that he desired this resolution should be considered on the remarks of the mover and himself.

Mr. Mackenzie said the member for Cariboo had deliberately insulted the member for Shefford, by stating that his accusations were like "baseless fabric of a vision."

The motion was carried by 101 to 66.

PRINCE EDWARD ISLAND.

Hon. Mr. Tilley gave notice that he would to-morrow move the House into Committee on resolutions to admit P. E. Island.

Dominion Mail Summary.

A Grit paper expresses the belief that should the Ministry, in pursuance of Costigan's resolution, advise the Governor to disallow the New Brunswick School Bill, all the members from New Brunswick will go over to the Opposition. It also states that Messrs. Tilley and Mitchell would resign.

The Governor-General and family were to remove to Spencer Wood, Quebec, immediately after the adjournment of Parliament.

The Grits are rubbing their hands in fiendish glee over the following, which appeared in the *Globe* of the 16th inst.:—

"We learn by special cable telegram from London that the Government scheme for building the Canadian Pacific Railway, promoted by Sir Hugh Allan, Mr. Archibald, and Mr. Abbott, has finally and completely failed. Capitalists decline to give it their support, on the ground that the charter is unsafe, and that the route, the time allowed for building, the mode of raising the capital, and the land arrangements, acting as a barrier to emigration, are all objectionable. The deputation have relinquished their vain attempts, and, desiring to avoid troublesome enquiries, await the prorogation of Parliament before returning home."

The mail of the following day thus refers to it: The *Globe's* glaring dispatch from its notorious London correspondent is merely laughed at by Sir Hugh Allan's friends. Anybody witnessing the chuckling glee of the poor misled Grits can no longer doubt the animus of their opposition to the Pacific schome. But they are counting their chickens before they are hatched, and notwithstanding all the efforts put forth by Mr. Huntington and his associates in favor of the American line, they will have the mortification of seeing Sir Hugh commence his great national undertaking within a few short weeks at the utmost.

Extensive speculations in rum had been carried on by sending it to Prince Edward Island, with a view to making the difference in duty (40 cents per gallon) on the admission of that Province.

Mr John Shedden, President of the Toronto and Nipissing Railway, was crushed to death at Cannington Station in attempting to get on a moving train.

Mr H. Starnes, holder of the original documents referring to the Pacific Railway scandal, reached Ottawa on the 16th May.

The Suicide of Lord Delawarr.

A very painful impression has been produced by the suicide of Lord Delawarr. He went down to Cambridge on Monday night, sat up all night at the inn, reading and walking up and down the room, went out early next morning and drowned himself in the Cam. He left two letters on the table, addressed to Mr. Harradine, steward of one of his estates, to whom he had already telegraphed to meet ham at Cambridge. One ran as follows:

HARRADINE:—My body will be found in the river, at the nearest point from the Bull Hotel, after turning to the left from the dam. DELAWARR.

The second ran thus:

HARRADINE:—I have been the cause of the death of Miss Annie Nethercote, who has been living under my protection. I could not survive this, nor would the law allow it, so I shall be found in the river. Send word to Harringfield that I shall not be there. DELAWARR.

At the inquest the doctor who had attended Nethercote, at Lord Delawarr's request—he had no previous acquaintance with the latter—from last September to her death on April 6th, stated that she died from syncope, resulting from irritation of the stomach; The irritation seemed to proceed from the use of stimulants; she was a hard drinker, and Lord Delawarr was afraid to give her money lest she should spend it in this way. His Lordship seemed very fond of her and exceedingly attentive to her. After her death he was much agitated, and said he feared she had not had sufficient nourishment. The doctor assured him that there was no ground for this opinion. The jury returned a verdict of temporary insanity. Lord Delawarr was a man of very regular business-like habits. He had been in the army, had served with distinction in India, and risen to the rank of Major-General. He was about 60 years of age. He was unmarried, and his younger brother, a clergyman, succeeds to the title. Part of his property consists of Knole Park, one of the finest historical parks and mansions in the country. —*London corr. N. Y. Times, April 26th.*

THE QUESTION OF INCREMATION.—The English *Medical Press* says: The attention of our readers may be advantageously directed to the subject of incremation of the dead broached by Prof. Polli. He repeats some of the arguments that have been used against the process, but nowadays when sanitary science has made such advance, when every inch of ground almost has become of value—in a country such as Great Britain, where the population is out of proportion to the area of soil, and there the infection of water by the percolation of decaying animals, situated, it may be, even at a considerable distance, has been proved to occur frequently, and to give rise to sickness in an intense degree, it really becomes a question of consideration as to how far burial in the earth is hygienically correct or convenient. Habit and the association of ideas have inured us to the practice of earth burial, so that it seems alarming even to discuss the possibility of such a method being displaced, yet the incremation process, could it be carried out so as not to hurt the sensibility of our nature when bidding adieu to the last vestiges of our fellow creatures, offers certain advantages. By the present procedure we lay the body in the earth to resolve itself into its original elements, by the slow and (could we witness it) the revolting process of decomposition. We preserve no traces of the material once so loved and precious in our eyes; we rear monumental slabs, and commemorate the intensity of our feeling by inscriptions. Would it not be more reasonable to decompose the body by incineration, and retain in monumental urns, if so desired, the ashes of our friends and relatives? The question is one of increasing importance viewed from a hygienic and social point of view.

Dentistry.

C. Francis Barnard, M. D.

SURGEON DENTIST.

DR. BARNARD HAS HAD FOR several months the "Perkins Hyatt" or "Celluloid Base," the newest and latest material adapted to the mounting of whole sets of teeth; he is also using "Whalebone-Rubber," which is rapidly supplanting, for single dentures or partial sets the best vulcanites of the last 25 years.

We cheerfully add Dr. B's card to our columns, convinced that his good taste and judgment, united to natural skill and ingenuity, aided by an extensive practice of upwards of thirty years, render his services more valuable and reliable than those of any other Dentist on the Sound, Coast or Island.

Dr. B's large experience may be readily seen in the happy and natural expression given his patrons by his life-like insertion of artificial Teeth.

The public may rest assured of patience, gentleness and undivided attention while under the Dr's hands, and that he will ever strive to be foremost in adopting helps and hints touching his own interest and that of his patrons.

VICTORIA WATER WORKS.

UNDER AUTHORITY OF THE CORPORATION of Victoria Water Works Act, 1873, and the Municipal By-Law authorizing the construction of Water Works for the City of Victoria, 1873:

Debentures.

Applications will be received at the office of the undersigned until the 21st day of July for the SECOND ISSUE of Water Works Debentures, and should application be made for more in amount than the issue authorized by the Act, they will be distributed pro rata.

The Debentures will be issued at par as follows, viz

$10,000.....On 15th May, 1873;
15,000.....On 1st August, 1873;
75,000.....On 1st April, 1874;

Payable in Twenty-five Years from date thereof.

The Corporation of the City of Victoria having the right to repurchase from time to time the said Debentures, for the purpose of withdrawing the same from the market, the numbers of the Debentures so to be repurchased shall be decided by a Ballot, of which One Month's notice shall be given, by publication in the Government Gazette or in one or more of the local newspapers. The Debentures will bear interest at the rate of Seven per cent. per annum, payable Half-yearly, and Coupons will be attached to each Debenture for said Interest, which shall be paid on presentation as they become due.

The Security offered for Repayment of Debentures is as follows:

A preferential Lien will be given on all Works to be erected, also upon the Land and other property acquired for Water Works purposes, and on the Revenue, (amounting to about fifty thousand dollars per annum) which the Corporation have the power to raise under the Municipality Act, 1872, and the Municipality Act Amendment Act, 1873, the Road Ordinance, 1869, and the Road Amendment Ordinance, 1870. Ample security is thus given to those wishing to invest in Debentures.

A Deposit of Ten per cent. on the amount of Debentures applied for will require to be paid into the Bank of British North America to the credit of the Water Works account, a receipt of said deposit to accompany the application, and on the Debentures being issued, they will be placed in the said Bank and handed over to the party who presents the Water Commissioner's Certificate of his being entitled to receive the said Debentures on his paying the full equivalent as mentioned in said Certificate; and in the event of the Debentures not being fully paid for on the day of issue abovementioned, the deposit of the Ten per cent. shall be forfeited to the use of the Water Commissioner for Water Works purposes.

Mr. F. W. Green, C. E., has been appointed by the Corporation as Engineer of the Works to be constructed. The proposed Works consist in bringing water from Elk and Beaver Lakes into the City of Victoria, a distance of between five and six miles, and present no engineering difficulties in carrying out the undertaking.

Forms of Application for Debentures, with Bank Deposit Receipt attached, as well as any further information that may be desired, can be had by application personally or by letter addressed to the Commissioner.

FRENCH MEDICINES

Prepared by

GRIMAULT & CO.,

Pharmaceutical Chemists,

8, Rue Vivienne,

PARIS.

OF ALL THE MEDICINES OFFERED TO the public for many years past, none have met with such favorable reception, or as been so generally approved by the Medical Profession as those prepared by Messrs. Grimault & Co.

The model Laboratories of this firm, situated at Neuilly-sur-Seine, and managed by Dr. Leconte, Professor in the Faculty of Medicine, ex-Pharmacist of the Hospitals of Paris, and formerly Assistant to Dr. Claude Bernard, Professor of Physiology at the College of France, offers guarantees to be found in no other establishment.

Among other preparations we may specially mention:—

Leras' Liquid Phosphate of Iron.

It contains the constitutive elements of the bones and of the blood, and is the most rational of all chalybeates. It may be prescribed for the most delicate young females whose development has been retarded; for women suffering from stomach complaints, anæmia; for pale and sickly children deprived of appetite; and as its principal action is to restore to impoverished blood the iron in which it is deficient, and to the bones the phosphate that forms their base, it is recommended for debilitated persons whether their debility proceeds from disease or from any other cause. Its use is always attended with surprising results.

GRIMAULT & CO.'s
Syrup of Hypophosphite of Lime.

An excellent remedy for all affections of the chest; it relieves coughs, effectually prevents nocturnal perspiration and restors the patient's strength. This syrup is the only one which, ever since 1857, has invariably been attended with satisfactory results—a fact due to the purity of the hypophosphite employed. Be sure to observe that it bears the signature of Grimault & Co.

GRIMAULT & CO.'s
Iodized Syrup of Horse Radish.

Considered the best substitute for Cod-liver Oil. It has been ascertained by experiments made in the principal Hospitals of Paris that this syrup has always produced results superior to those obtained from the above-mentioned Oil, which patients find so disagreeable to take.

Not a single instance can be adduced in which pale lymphatic children, subject to swelling of the glands, to eruption of the skin, of the head or the face, or other inconveniences of a weak constitution, who have taken this syrup without deriving signal benefit from its use.

GRIMAULT & CO.'s
Pepsine Digestive Powders, Pills, Elixir and Wine.

Pepsine is one of the most recent scientific discoveries in theraputics. Acting chiefly on the organs of digestion, it possesses the property of effecting digestion by its innate virtues. It removes all the inconvencies of difficult digestion and even prevents the nausea to which pregnant women are liable.

The researches on pepsine made at the College of France by Dr. Leconte, in conjunction with Professor Claude Bernard, must secure the preference for our preparation of pepsine.

Lagasse's Syrup and Paste of Sea Pine Sap.

Employed with success in the treatment of catarrh, bronchitis, hemoptysis, and the different stages of phthisis.

It cures spitting of blood, the most obstinate coughs, alteration of the voice, oppression and pains of the chest, the nocturnal paroxysms of asthmatics, and modifies the more serious lesions of the respiratory organs.

GRIMAULT & Co.'s
Matico Injection and Capsules.

Composed of the essence extracted from the plant so called, they have been constantly employed with the most brilliant success in a certain class of contagious diseases.

They combine extraordinary efficacy with the advantage of never causing nausea, eructations, or pains in the stomach, as do the gelatinous capsules which contain Balsam of Copahu in a liquid state; or the strictures that result from the use of injections having a metallic basis.

GRIMAULT & Co.'s
Pectoral Lozenges of Lactucarium and Cherry Laurel.

This delicious comfit, containing the two most soothing substances of the whole Materia Medica is employed with success against coughs, influenza, bronchitis, hooping coughs, &c.

Asthma. Asthma.
GRIMAULT & Co.'s
Indian Cigarettes of Cannabis Indica.

All the means hitherto employed to relieve Asthma have been only palliatives in varied forms, based on belladona, stramonium, nicotiana, or opium. Recent experiments made in the Paris Hospitals have proved that our Cigarettes made of the extract of Indian Hemp possess remarkable virtues against this complaint, as well as against nervous coughs, chronic laryngitis, hoarseness, loss of voice, facial neuralgia, and insommonia.

Grimault & Co.'s Guarana.

A single powder of this vegetable production is sufficient to cure instantly the most violent sick headache. It is the most valuable remedy against diarrhœa, dysentery, and all disorders proceeding from derangement of the stomach or bowels. This powder is indispensable for all families, and far more efficacious than opium or sub-nitrate of bismuth.

GRIMAULT & Co.'s
Vermifuge Santonine Drageen.

Under the form of a comfit, equally pleasing to the taste and to the eye, they supply mothers with an easy and perfectly safe means of relieving their young children from intestinal worms, which are often the cause of convulsions.

Paleness of the skin and frequent irritation of the nose are nearly always the certain signs of the presence of worms. Preference ought always to be given in such cases to these drageen, the composition of which is well known and always the same, instead of those which are called vegetable, but often contain calomel or other forms of mercury.

GRIMAULT & Co.'s
Newfoundland Cod Liver Oil, and Cod Liver Oil, with Iodide of Iron.

The Cod-liver Oil which we offer to the profession and the public is especially extracted for our house in Newfoundland, and we can therefore guarantee its altogether exceptional purity.

Our Newfoundland Oil with Iodide of Iron, which contains in every tablespoonful two grains of pure Iodide of Iron, is a valuable resource in lymphatic and scrofulous affections, as also in consumption.

Municipal By-Law to regulate the construction, maintainance and repairs of sidewalks, and foot paths, and verandahs within the City Limits.

[7th May, 1873.]

WHEREAS it is expedient to make provision for the regulation, construction, maintainance and repairs of Sidewalks, Footpaths and Verandahs, within the City limits;

Be it, therefore, enacted by the Corporation of the City of Victoria, as follows:

1. Footpaths or Sidewalks of a uniform grade, and with a fall towards the street of not less than one-fourth of an inch to the foot shall, whenever and wherever by the Mayor and Council of the said City shall be deemed necessary or desirable, be constructed on each side of each street within the city limits, and every Footpath or Sidewalk shall be not more in width than one-sixth of the width of the street on which it abuts.

2. Each Footpath and Sidewalk within the city limits shall be made of wood, stone flagging, tiles or brick, or such other material as the Street Committee may approve of; but each footpath or Sidewalk shall be made of uniform material for the whole width throughout its entire length.

3. Footpaths or Sidewalks already constructed shall, wherever by the Mayor and Council deemed necessary, be altered so as to conform to this By-Law.

4. If the Footpaths or Sidewalks are constructed of wood, the planks shall be nailed to sleepers, with nails of sufficient length to be driven into the sleeper one and one-half inches, or if constructed with gravel, sided with planks, the planks shall be nailed to (and inside) posts; the sleepers shall be placed at a distance of not more than six feet apart, and the posts shall be sunk into the ground to the depth of eighteen inches, and at distances of not more than six feet apart.

5. All planks, sleepers, and posts referred to in this By-Law shall be of sound material; the planks shall be not less than 1½ inches thick and not more than 10 inches wide, and not less than one-sixth of the width of the street in length, and the sleepers and the posts shall be of sufficient lengths, and shall not be less in dimensions, than 4 inches by 4 inches or 3 inches by 6 inches; but it shall be lawful for the Mayor and Council by resolution to permit sidewalks of less width.

6. In order to insure uniformity all Footpaths and Sidewalks shall be constructed, altered or kept in repair, (as the case may be), by and at the expense of the owners of the property fronting the same respectively, in accordance with the directions, for the time being, of the said Mayor and Council or Street Committee on their behalf.

7. All footpaths or sidewalks shall be kept in repair and that with good and uniform material and at the cost of the owner or owners of the property fronting on the same or on that portion thereof which requires repairs in accordance with the direction for the time being of the said Mayor and Council, or Street Committee on their behalf, and in case any footpath or sidewalk or any portion thereof shall require repair, or in case the said Mayor and Council or Street Committe on their behalf, (shall deem it expedient to direct) that a new sidewalk be constructed or that an existing sidewalk be altered and the owner or owners of the property fronting on such sidewalk so requiring to be repaired or altered, or on that side and portion of the street where such sidewalk may be ordered to be constructed, shall omit to repair, alter or construct such footpath or sidewalks as the case may be within the time specified in the notice on that behalf, after he or they shall have been served with a notice in writing under the hand of the Clerk of the Municipal Council of the said City requiring him or them so to do, the said Mayor and Council, or Street Committee on their behalf, shall be at liberty to cause such footpath or sidewalk to be repaired, altered or constructed, and the expense, costs and charges thereof shall be recoverable at law in the name of the Clerk of the said Municipal Council from the person or persons who, by this By-Law, or by any other By-Law in force, are made liable to alter, construct or keep the same in repair, and if such expense, costs and charges be not paid by the owner or owners, agent or agents, of the property abutting on the footpath or sidewalk which shall have been so repaired, altered or constructed within seven days after notice in writing on that behalf, under the hand of the Clerk of the Municipal Council, of the completion of such repairs, alteration or construction, the amounts due shall be recoverable in the usual manner in the County Court, and in the event of any judgment entered therefore not being paid or realized, or if the owner or his agent, (if any), being unknown, the charge for such construction, or repairs, or alterations, or the judgment, (if any), rendered in respect thereof may be registered as a claim against the said property, with interest at the rate of twelve per cent. per annum.

8. Where any portion of any Footpath or Sidewalk in the said City may be required to be used by any waggon, cart, or other vehicle, for gaining access to any premises, the sidewalk, if constructed of wood, shall be laid longitudinally, of plank not less than two inches thick upon the same level along the length of such Footpath or Sidewalk.

9. For the execution of any works to be done by or under the direction of the said Mayor and Council, under or by virtue of the provisions of this By-Law, a notice under the hand of the Clerk of the said Municipal Council, soliciting tenders for the performance of such works, shall from time to time, as occasion shall require, be advertised for five consecutive days, and such works shall be let to the lowest bidder, who, within two days next after the acceptance of his tender, shall proceed with the work and when required by the Mayor and Council shall execute a bond to their satisfaction for the due performance of the said work, in the name of the Clerk of the Municipal Council, in case of breach of contract such bond may be sued upon and enforced by the said Clerk, on behalf of the said Mayor and Council.

10. A good and sufficient fence or railing of a character, material, and in manner to be approved of by the said Mayor and Council, or the Street Committee on their behalf, shall be set up, erected, constructed and maintained, at the expense of the owner of the property as aforesaid, at the side or sides af any such Footpath or Sidewalk, when and where by the said Mayor and Council, or the Street Committee as aforesaid, shall from time to time be deemed necessary for the safety of the public, and such fence or railing shall be set up, erected or constructed by the owner or owners, or by his or their agent or agents, within such time as may be specified in any notice in that behalf, given under the hand of the Clerk of the Municipal Council of the said City.

11. For the purposes hereof, any notice shall be deemed to have been sufficiently served, when the same shall have been either delivered to the person to be affected thereby or left at his last known place of abode in the Province, or served on the agent or agents of said owner or owners, or deposited in the Post Office, addressed to his or their last known place of abode or affixed to some conspicuous part of the premises to which the notice relates.

12. No person shall ride, or shall drive, wheel or draw any waggon, cart, barrow or other vehicle upon, or along, or across any public Footpath or Sidewalk within the city limits (except hand carriages for children) and no person having the charge or control of any beast of burden shall intentionally cause or permit the same to stand or go upon any public Footpath or Sidewalk as aforesaid, or to stand upon any street crossing, or so near to a street crossing as to obstruct the same.

13. No person shall back any waggon, cart, dray or other vehicle against any Footpath or Sidewalk within the city limits.

14. No person shall be permitted to place on the Footpaths or Sidewalks any barrel, bale crate or anything whatsoever which in any way obstructs the Footpaths or sidewalks, or which may be considered a nuisance by the said Mayor and Council, or Street committee on their behalf, unless in the case when packages are being opened for the purpose of taking the contents into warehouses during a reasonable hour and all convenient speed shall be used in removing the same, but under no condition will any articles be allowed to remain on the Footpaths or Sidewalks after dark.

15. Wherever in the opinion of the Mayor and Council it shall be desirable before altering, repairing or constructing a sidewalk in any part of the city, to cut down, grade, or blast and remove rocks from that portion of the street upon which such Sidewalk so to be altered or repaired may exist, or upon which the said Mayor and Council may intend to cause a new Sidewalk to be constructed, then such cutting down, grading and removing rocks shall be done by and at the expense of the owners of the property fronting or abutting upon that side and portion of the street upon which such cutting down, grading or removing of rocks shall be directed by the said Mayor and Council, and in case such cutting down, grading and repairing shall not be done by such owners upon notice hereof to be given, then and in such case such proceedings may be taken by the said Mayor and Council as are prescribed in the case of owners neglecting to repair, alter or construct sidewalks.

16. Any person or persons who shall interrupt the travel on any highway by opening or excavating any portion of the footpaths on the same without first obtaining consent of the Municipal Council or the Street committee on their behalf, shall be liable to the penalties mentioned in Section 24 of this By-Law.

17. No person shall, in the front of any building, erect any bay or bow window, which shall project on the line of the street.

18. Verandahs or awnings must extend from the front line of any buildings to the outside edge of the Footpath, and if constructed of wood, must be of planed lumber of the following dimensions: The posts shall not be less than 3x4 in. and let into the curb of the Footpath. The Front plate or Girth shall not be less than 2x10 inch planks. The rafters or joist shall not be less than 2x6 inch, and shall not be placed more than 6 feet from centres. The purlins shall not be less than 2x4 inch scantling. The flooring or roof shall be of tongued and grooved boards not less than one inch in thickness.

19. The covering or floor of any awning or verandah shall not be less than fourteen feet above the level of the Footpath. The cornice of the same shall not project more than eight inches beyond the line of the Footpath, except by resolution of the Mayor and Council.

20. Iron balconies supported by iron brackets shall not project more than three feet from the front line of any building to which they are attached.

21. Areas, projecting from the front of buildings must be covered over with iron, or strong wooden gratings; the space between the bars of the same shall not exceed one inch.

22. No steps or boot scrapers shall be allowed on the Footpaths, nor gates or doors opening outward.

23. Hereafter no hanging or stationary signs crossing a Footpath shall be less then nine feet from the lower edge of sign to Footpath.

24. Any person or persons failing to comply with any provision, or any part thereof, of this By-Law, shall be punished in a summary way by a fine not exceeding fifty dollars, or by imprisonment not exceeding one month at the discretion of any Justice or Justices of the Peace having jurisdiction within the Municipality.

25. It shall be the duty of the Police Constables of the City of Victoria to use their best endeavors to prevent any infraction of any of the provisions of this By-Law, and to take all necessary proceedings for bringing to punishment parties guilty of any such infraction.

26. This By-Law may be cited for all purposes as the "Victoria Footpath and Awning By-Law, 1873."

Passed the Municipal Council this 7th day of May, A. D., 1873.

WM. DALBY, MAYOR.
WM. LEIGH, Clerk to the Municipal Council

By-Law to Regulate the duties of the Assessor and Collector.

7TH MAY, 1873.]

WHEREAS it is expedient to define the duties of the Assessor and the Collector of the city of Victoria:

Be it enacted by the Municipal Council of the city of Victoria:—

ASSESSOR.

The duties of the Assessor shall be as follows:

1. He shall prepare an assessment roll, giving the value of all real estate and improvements within the city limits, and specifying the number of the lot, or portion of lot, according to the Official Map, size of the same, together with the name of the owner or owners, and to return the said roll to the Clerk of the Municipal Council on a day to be decided by a By-Law to be hereafter passed.

2. He shall notify all owners, or their known agents, of the increase (if any) made in any assessment upon real estate or upon the improvements thereon, and in case of an appeal against such assessment, he shall appear at the time and place appointed for hearing the same, with such evidence as may be necessary in the cause.

3. He shall place in a separate column on the said roll all real estate upon which no improvements have been made, and all lots which are not fenced in, or lots which have been fenced in and are not kept in repair, shall be considered unimproved property, and be liable to special tax assuch.

4. He shall prepare a roll of all persons resident in the Municipality, who are taxable therein.

5. It shall be the duty of the Assessor to prepare a roll of all persons carrying on any trade, business or calling in accordance with the Revenue By-Law, levying a rate from persons; also the names of all persons taxable in the Municipality, who are not residing within the Municipality, (all persons residing outside the city limits shall be considered as non-residents.)

6. He shall within one week after the final revision of the Assessment Roll, by the Council, be prepared to hand his roll so revised, to the Collector, or should the duties of Assessor and Collector be performed by the same person, he shall proceed to collect the rates in accordance with the duties laid down for Collector.

COLLECTOR.

The duties of Collector shall be as follows:

7. He shall on receiving the assessment roll from the Assessor proceed without delay to collect the revenue in accordance with the Revenue By-Laws, 1873.

8. He shall on printed forms, to be procured for that purpose, put down the name of every taxable person, together with a statement of all rates due to the Municipal Council by him, giving the numbers of the lot or lots (if real estate) for which he is liable to be taxed, and deliver the same at the known place of business or residence (if within the city) of the owner or his agent (if any.) Said statement shall fix a time, not later than four days from date thereof, within which time the rates must be paid at the Collector's office. Where property is taxed, the owner of which is absent from the Province, and he has no known agents, it shall be the duty of the said Collector to proceed in such case in accordance with the Revenue By-Laws, 1873.

9. He shall give printed receipts for all taxes received, which receipts shall be numbered consecutively, with counterfoil, and said receipts and counterfoils shall contain a statement of amount received for each tax separately, and in case of real estate or improvements, or both, the number of the lot or lots, or portion of lots, on which such tax is collected.

10. He shall keep a cash book, in which he shall enter the name of every person paying taxes with the amount of each tax separately; together with the number of the receipt issued.

11. He shall pay in daily to the Bank of British North America, (or such other bank as the Municipal Council may from time to time direct), to the credit of the "Corporation of the City of Victoria," all moneys collected; but in the event of daily collections being less in amount than one hundred dollars, he is hereby authorized to withhold deposit until that amount be in his hands, and shall at least one day in each week deliver his cash book to the Clerk of the Municipal Council, to have the amounts properly posted in the books of the Corporation.

12. He shall at each regular meeting of the Council, and whenever required by the Mayor or Finance Committee, exhibit his cash book, together with the bank book, for examination and inspection.

13. He shall notify the Clerk of the Municipal Council, of every person who shall fail or refuse to pay his respective rates or taxes, and upon receiving from said Clerk a summons against such defaulter, he shall serve, or cause the same to be served, and attend at the Court, to prove service of said summons and give such evidence as may have reference to the case.

14. For the true and faithful performance of the aforesaid duties he shall furnish the "Corporation of the city of Victoria," and its successors, with a bond of an approved guarantee society, to the amount of $2000.

15. This By-Law may be cited for all purposes as the "Assessor and Collector By-Law, 1873."

Passed the Municipal Council, this 7th day of May, A. D., 1873. WM. DALBY, Mayor.
WM. LEIGH, Clerk to the Municipal Council, B.C.
